

Merch Smart Contract

Overview

Sibling Anniversary Hoodies NFTs will be sold for 1 \$ASH at a supply of 100. There will be three phases of the drop. The first phase will be free trading on the marketplace the ability to redeem their NFT for a physical hoodie. Once redeemed, the hoodie becomes non-transferable and will transform into a new glitched design. The second phase will freeze all NFTs in their wallets in which holders can choose to redeem their NFTs for a hoodie. After redemption period, phase three, unclaimed hoodie NFTs will be transformed into another form to show that it was not redeemed.

Phase 1:

Duration:

30 days

Minting Info

\$ASH Price = 1 \$ASH (Hard Coded)

Total Supply = 100

WL? Public Sale?

Logistics/Roadmap

Hoodie NFT will be the blue version (non glitched).

Hoodie NFT will be tradable on the secondary market.

Hoodie NFT will be able to be redeemed for a physical hoodie on website using the redeem function.

Redeem function freezes the NFT to users wallet (non-transferable) and changes the image of the hoodie to a glitched version.

Phase 2:

Duration:

30 days

Logistics/Roadmap

Hoodie NFTs will all become non-transferable.

Hoodie NFTs will be able to be redeemed for a physical hoodie until the end of Phase 2 using the redeem function.

Redeem function freezes the NFT to users wallet (non-transferable) and changes the image of the hoodie to a glitched version.

Phase 3:

Logistics/Roadmap

Hoodie NFTs will no longer be redeemable for a physical hoodie.

Hoodie NFTs that had not be redeemed for a physical hoodie will be transformed into a 3rd special image (not blue or glitched version)
